

B STUDIO BRAHMS

WHO WE ARE?

We are a product design consultancy. We work with founders and product teams to get the thinking right before a single screen is drawn — and see it through to a working prototype.

25 years across enterprise SaaS, insurance, HR tech, real estate, and aerospace — from zero-to-one startups to complex enterprise systems.

DESIGN IS DECISIONS OF TASTE

FROM STRATEGY TO
EXECUTION.

By people who
think before
they draw.
